Subject: COVID-19 Telehealth and Other Virtual Services

Application: Medicare Advantage, Commercial and Medicaid Products

Published date: 04/09/2020

Policy number: CP2020002

Related policies: [Telehealth Services](#)

Disclaimer: The intended audience of this medical claims payment policy is health care providers who treat Humana members. This policy is made available to provide information on certain Humana claims payment policies. This policy is a guideline only and does not constitute medical advice, guarantee of payment, plan pre-authorization, an explanation of benefits, or a contract. This policy does not govern whether a procedure is covered under a specific member plan or policy, nor is it intended to address every claim situation. Claims may be affected by other factors, such as: state and federal laws and regulations, provider contract terms, and our professional judgment. This policy is subject to change or termination by Humana. Humana has full and final discretionary authority for its interpretation and application. No part of this policy may be reproduced, stored in a retrieval system or transmitted, in any shape or form or by any means, electronic, mechanical, photocopying or otherwise without express written permission from Humana. When printed, this version becomes uncontrolled. For the most current information, always refer to the following website: [Humana.com/ClaimPaymentPolicies](https://www.humana.com/ClaimPaymentPolicies)

Overview

The 2019 novel coronavirus, severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), causes the disease known as coronavirus disease 2019 (COVID-19). In response to the increased spread of COVID-19, Humana announced expanded access to *telehealth* and other virtual services such as virtual check-ins, e-visits and telephone evaluation and management (E/M) services.

This policy outlines Humana's billing expectations and reimbursement for *telehealth* and other virtual services during the COVID-19 Public Health Emergency (PHE).

[PHE Telehealth and Other Virtual Services Code List](#)

Claims Payment Policy

Subject: COVID-19 Telehealth and Other Virtual Services

Policy Number: CP2020002

Medicare Advantage and Commercial Payment Policy

In addition to the policy, claims payments are subject to other plan requirements for the processing and payment of claims, including, but not limited to, requirements of medical necessity and reasonableness and applicable referral or authorization requirements.

The following policy applies only to professional services rendered during the COVID-19 PHE. This guidance will not necessarily apply beyond the PHE. For guidance applicable to dates of service before and after the PHE, refer to Humana's standard [Telehealth Services Claims Payment Policy](#).

This policy is based on federal and state guidance published as of April 9, 2020. This policy is subject to change as such guidance changes.

PHE Telehealth and Other Virtual Services Coverage Criteria

Humana Medicare Advantage (MA) and commercial plans allow *telehealth* and other virtual services as follows:

- The Humana member is not required to be located in a rural or other specific area of the United States.
- The Humana member may access the service from their home.
- The Humana member does not need to be an established patient of the provider.
- The provider must satisfy applicable federal and state qualified health care practitioner requirements including, but not limited to, licensure, certification and registration requirements.
- If the service can appropriately be furnished without real-time interactive video, the service can be provided as audio-only.
- Other plan coverage rules and limitations, including medical necessity, still apply.

Unless prohibited by applicable federal or state statute or regulation, Humana plans allow *telehealth* and other virtual services if it is medically appropriate to furnish the service via telecommunications-based technology, the service is coverable by the plan, and all applicable coding requirements are satisfied. For further information on the service codes that may generally be reported as *telehealth* and other virtual services, see the [PHE Telehealth and Other Virtual Services Code List](#) section of this policy.

Note: Humana MA plans are applying the same coverage-related waivers to *Original Medicare telehealth services* that the Centers for Medicare & Medicaid Services (CMS) has announced in response to the COVID-19 PHE. Humana will also apply those waivers to commercial plans, except as prohibited under state statute or regulation. See the relevant guidance from CMS on these waivers available in the [References](#) section of this policy.

PHE Waivers

In response to the increased spread of COVID-19, Humana is making the following waivers to claims processing for *telehealth* and other virtual services.

Telehealth Waivers Effective March 6, 2020

- Humana is reimbursing the full amount allowed for all covered *telehealth* and other virtual services outlined in this policy rendered by an in-network provider. This includes any *member cost-sharing* that would have otherwise applied.
- Humana is reimbursing an office visit furnished via *telehealth* by an in-network practitioner at the same rate as an in-person office visit.

To enable such claims processing, Humana strongly recommends that a provider submit a charge for a *telehealth* service with the place of service (POS) code that would have been reported had the service been furnished in person and append *modifier 95* to identify that the service was furnished via *telehealth*. If a provider has already submitted a claim to Humana, before the publication of this policy, for a *telehealth* service provided during the PHE with *POS code 02*, it is not necessary to submit a corrected claim; Humana will apply waivers and calculate reimbursement as stated in this policy to such claims.

COVID-19-Related Waiver, Effective February 4, 2020, That Affects Telehealth and Other Virtual Services

- Humana is also reimbursing the full amount allowed for all covered services, including *telehealth* and other virtual services, rendered by in-network and out-of-network providers, billed with a COVID-19 related diagnosis code. This includes any *member cost-sharing* that would have otherwise applied.

Medicaid Payment Policy

In addition to the policy, claims payments are subject to other plan requirements for the processing and payment of claims, including, but not limited to, requirements of medical necessity and reasonableness and applicable referral or authorization requirements.

Humana Medicaid plans allow *telehealth* and other virtual services consistent with federal law and state Medicaid agency requirements.

Florida

Humana Florida Medicaid plans allow *telehealth* and other virtual services according to the applicable Agency for Health Care Administration (AHCA) guidance. Refer to the AHCA for the latest guidance on billing and reimbursement for *telehealth* and other virtual services during the PHE.

Illinois

Humana Illinois Medicaid plans allow *telehealth* and other virtual services according to the applicable Illinois Department of Healthcare and Family Services (IHFS) guidance. Refer to the IHFS for the latest guidance on billing and reimbursement for *telehealth* and other virtual services during the PHE.

Kentucky

Humana Kentucky Medicaid plans allow *telehealth* and other virtual services according to the applicable Kentucky Department for Medicaid Services (DMS) guidance. Refer to the DMS for the latest guidance on billing and reimbursement for *telehealth* and other virtual services during the PHE.

Definitions of *Italicized Terms*

- **Member cost-sharing:** Any portion of the amount allowed for a covered service that the member must pay the provider, including deductible, co-pay, and coinsurance.
- **Original Medicare telehealth services:** Telehealth services covered by Original Medicare under Section 1834(m) of the Social Security Act.
- **Place of service (POS) code 02:** The location where health services and health related services are provided or received, through a telecommunication system.
- **Telehealth:** A means to deliver health care services to a patient at a different physical location than the health professional using electronic information or telecommunications technologies consistent with applicable state and federal law. Telehealth services include telemedicine services and are also known as virtual visits.

General Humana Resources

- [Availity](#) – Providers can register for access to information on a variety of topics such as eligibility, benefits, referrals, authorizations, claims and electronic remittances.
- [Claims processing edit notifications](#) – Alerts of upcoming claims payment changes are posted on the first Friday of each month.
- [Claims resources](#) – Providers can find information on referrals, authorizations, electronic claim submissions and more.
- [Education and news](#) – This page can help you find clinical guidelines, educational tools, Medicare and Medicaid resources, our provider magazine and other resources to help you do business with us.
- [Making it easier](#) – This page contains an educational series for providers and healthcare professionals.
- [Medical and pharmacy coverage policies](#) – Humana publishes determinations of coverage of medical procedures, devices and medications for the treatment of various conditions. There may be variances in coverage among plans.

Note: Links to sources outside of Humana's control are verified at the time of publication. Please report [broken links](#).

PHE Telehealth and Other Virtual Services Code List

The following list of procedure codes serves as a guide to assist providers in determining which services may be reimbursable during the PHE as telehealth or other virtual services. Additional services may also be provided via telehealth as required by relevant state statute or regulation.

This list is subject to termination or modification by Humana at any time, without notice. Printed versions of this document may be out of date and do not control. For the most current and only controlling version of this guide, refer to the most current version of this policy published at the following website: [Humana.com/ClaimPaymentPolicies](https://www.humana.com/ClaimPaymentPolicies).

This list does not constitute medical advice, guarantee of payment, plan pre-authorization, an explanation of benefits, or a contract. It does not govern whether a procedure is covered under a specific member plan or policy, nor is it intended to address every claim situation. Claims payment and coverage may be affected by other factors, including but not limited to federal and

Claims Payment Policy

Subject: COVID-19 Telehealth and Other Virtual Services

Policy Number: CP2020002

state laws and regulations, the member’s Certificate of Insurance or Evidence of Coverage, provider contract terms, coverage policies, medical necessity, and Humana’s professional judgment. Humana has full and final discretionary authority for its interpretation and application. No part of this may be reproduced, stored in a retrieval system or transmitted, in any shape or form or by any means, electronic, mechanical, photocopying or otherwise without express written permission from Humana.

A charge for any code in this list will not be reimbursed if any applicable PHE telehealth and other virtual services coverage criterion is not satisfied. Likewise, a charge for any code in this list will not be reimbursed if any applicable criterion of that code is not satisfied.

Code Type	Code	Description
CPT	77427	Radiation treatment management, 5 treatments
CPT	90785	Interactive complexity (List separately in addition to the code for primary procedure)
CPT	90791	Psychiatric diagnostic evaluation
CPT	90792	Psychiatric diagnostic evaluation with medical services
CPT	90832	Psychotherapy, 30 minutes with patient and/or family member
CPT	90833	Psychotherapy, 30 minutes with patient and/or family member when performed with an evaluation and management service (List separately in addition to the code for primary procedure)
CPT	90834	Psychotherapy, 45 minutes with patient and/or family member
CPT	90836	Psychotherapy, 45 minutes with patient and/or family member when performed with an evaluation and management service (List separately in addition to the code for primary procedure)
CPT	90837	Psychotherapy, 60 minutes with patient and/or family member
CPT	90838	Psychotherapy, 60 minutes with patient and/or family member when performed with an evaluation and management service (List separately in addition to the code for primary procedure)
CPT	90839	Psychotherapy for crisis; first 60 minutes
CPT	90840	Psychotherapy for crisis; each additional 30 minutes (List separately in addition to code for primary service)
CPT	90845	Psychoanalysis
CPT	90846	Family psychotherapy (without the patient present)
CPT	90847	Family psychotherapy (conjoint psychotherapy) (with patient present)
CPT	90853	Group psychotherapy (other than of a multiple-family group)
CPT	90863	Pharmacologic management, including prescription and review of medication, when performed with psychotherapy services (List separately in addition to the code for primary procedure)
CPT	90889	Preparation of report of patient's psychiatric status, history, treatment, or progress (other than for legal or consultative purposes) for other individuals, agencies, or insurance carriers
CPT	90951	End-stage renal disease (ESRD) related services monthly, for patients younger than 2 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents; with 4 or more face-to-face visits by a physician or other qualified health care professional per month
CPT	90952	End-stage renal disease (ESRD) related services monthly, for patients younger than 2 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents; with 2-3 face-to-face visits by a physician or other qualified health care professional per month
CPT	90953	End-stage renal disease (ESRD) related services monthly, for patients younger than 2 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents; with 1 face-to-face visit by a physician or other qualified health care professional per month
CPT	90954	End-stage renal disease (ESRD) related services monthly, for patients 2-11 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents; with 4 or more face-to-face visits by a physician or other qualified health care professional per month
CPT	90955	End-stage renal disease (ESRD) related services monthly, for patients 2-11 years of age to include

		monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents; with 2-3 face-to-face visits by a physician or other qualified health care professional per month
CPT	90957	End-stage renal disease (ESRD) related services monthly, for patients 12-19 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents; with 4 or more face-to-face visits by a physician or other qualified health care professional per month
CPT	90958	End-stage renal disease (ESRD) related services monthly, for patients 12-19 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents; with 2-3 face-to-face visits by a physician or other qualified health care professional per month
CPT	90959	End-stage renal disease (ESRD) related services monthly, for patients 12-19 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents; with 1 face-to-face visit by a physician or other qualified health care professional per month
CPT	90960	End-stage renal disease (ESRD) related services monthly, for patients 20 years of age and older; with 4 or more face-to-face visits by a physician or other qualified health care professional per month
CPT	90961	End-stage renal disease (ESRD) related services monthly, for patients 20 years of age and older; with 2-3 face-to-face visits by a physician or other qualified health care professional per month
CPT	90962	End-stage renal disease (ESRD) related services monthly, for patients 20 years of age and older; with 1 face-to-face visit by a physician or other qualified health care professional per month
CPT	90963	End-stage renal disease (ESRD) related services for home dialysis per full month, for patients younger than 2 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents
CPT	90964	End-stage renal disease (ESRD) related services for home dialysis per full month, for patients 2-11 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents
CPT	90965	End-stage renal disease (ESRD) related services for home dialysis per full month, for patients 12-19 years of age to include monitoring for the adequacy of nutrition, assessment of growth and development, and counseling of parents
CPT	90966	End-stage renal disease (ESRD) related services for home dialysis per full month, for patients 20 years of age and older
CPT	90967	End-stage renal disease (ESRD) related services for dialysis less than a full month of service, per day; for patients younger than 2 years of age
CPT	90968	End-stage renal disease (ESRD) related services for dialysis less than a full month of service, per day; for patients 2-11 years of age
CPT	90969	End-stage renal disease (ESRD) related services for dialysis less than a full month of service, per day; for patients 12-19 years of age
CPT	90970	End-stage renal disease (ESRD) related services for dialysis less than a full month of service, per day; for patients 20 years of age and older
CPT	92227	Remote imaging for detection of retinal disease (eg, retinopathy in a patient with diabetes) with analysis and report under physician supervision, unilateral or bilateral
CPT	92228	Remote imaging for monitoring and management of active retinal disease (eg, diabetic retinopathy) with physician review, interpretation and report, unilateral or bilateral
CPT	92507	Treatment of speech, language, voice, communication, and/or auditory processing disorder; individual
CPT	92521	Evaluation of speech fluency (eg, stuttering, cluttering)
CPT	92522	Evaluation of speech sound production (eg, articulation, phonological process, apraxia, dysarthria);
CPT	92523	Evaluation of speech sound production (eg, articulation, phonological process, apraxia, dysarthria); with evaluation of language comprehension and expression (eg, receptive and expressive language)
CPT	92524	Behavioral and qualitative analysis of voice and resonance
CPT	93228	External mobile cardiovascular telemetry with electrocardiographic recording, concurrent computerized

Policy Number: CP2020002

Code Type	Code	Description
		real time data analysis and greater than 24 hours of accessible ECG data storage (retrievable with query) with ECG triggered and patient selected events transmitted to a remote attended surveillance center for up to 30 days; review and interpretation with report by a physician or other qualified health care professional
CPT	93229	External mobile cardiovascular telemetry with electrocardiographic recording, concurrent computerized real time data analysis and greater than 24 hours of accessible ECG data storage (retrievable with query) with ECG triggered and patient selected events transmitted to a remote attended surveillance center for up to 30 days; technical support for connection and patient instructions for use, attended surveillance, analysis and transmission of daily and emergent data reports as prescribed by a physician or other qualified health care professional
CPT	93268	External patient and, when performed, auto activated electrocardiographic rhythm derived event recording with symptom-related memory loop with remote download capability up to 30 days, 24-hour attended monitoring; includes transmission, review and interpretation by a physician or other qualified health care professional
CPT	93270	External patient and, when performed, auto activated electrocardiographic rhythm derived event recording with symptom-related memory loop with remote download capability up to 30 days, 24-hour attended monitoring; recording (includes connection, recording, and disconnection)
CPT	93271	External patient and, when performed, auto activated electrocardiographic rhythm derived event recording with symptom-related memory loop with remote download capability up to 30 days, 24-hour attended monitoring; transmission and analysis
CPT	93272	External patient and, when performed, auto activated electrocardiographic rhythm derived event recording with symptom-related memory loop with remote download capability up to 30 days, 24-hour attended monitoring; review and interpretation by a physician or other qualified health care professional
CPT	93298	Interrogation device evaluation(s), (remote) up to 30 days; implantable loop recorder system, including analysis of recorded heart rhythm data, analysis, review(s) and report(s) by a physician or other qualified health care professional
CPT	93299	Interrogation device evaluation(s), (remote) up to 30 days; implantable cardiovascular monitor system or implantable loop recorder system, remote data acquisition(s), receipt of transmissions and technician review, technical support and distribution of results
CPT	96040	Medical genetics and genetic counseling services, each 30 minutes face-to-face with patient/family
CPT	96116	Neurobehavioral status exam (clinical assessment of thinking, reasoning and judgment, eg, acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities), per hour of the psychologist's or physician's time, both face-to-face time with the patient and time interpreting test results and preparing the report
CPT	96121	Neurobehavioral status exam (clinical assessment of thinking, reasoning and judgment, [eg, acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities]), by physician or other qualified health care professional
CPT	96127	Brief emotional/behavioral assessment (eg, depression inventory, attention-deficit/hyperactivity disorder [ADHD] scale), with scoring and documentation, per standardized instrument
CPT	96130	Psychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; first hour
CPT	96131	Psychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; each additional hour (List separately in addition to code for primary procedure)
CPT	96132	Neuropsychological testing evaluation services by physician or other qualified health care professional,

Code Type	Code	Description
		including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; first hour
CPT	96133	Neuropsychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; each additional hour (List separately in addition to code for primary procedure)
CPT	96136	Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method; first 30 minutes
CPT	96137	Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method; each additional 30 minutes (List separately in addition to code for primary procedure)
CPT	96138	Psychological or neuropsychological test administration and scoring by technician, two or more tests, any method; first 30 minutes
CPT	96139	Psychological or neuropsychological test administration and scoring by technician, two or more tests, any method; each additional 30 minutes (List separately in addition to code for primary procedure)
CPT	96150	Health and behavior assessment (eg, health-focused clinical interview, behavioral observations, psychophysiological monitoring, health-oriented questionnaires), each 15 minutes face-to-face with the patient; initial assessment
CPT	96151	Health and behavior assessment (eg, health-focused clinical interview, behavioral observations, psychophysiological monitoring, health-oriented questionnaires), each 15 minutes face-to-face with the patient; re-assessment
CPT	96152	Health and behavior intervention, each 15 minutes, face-to-face; individual
CPT	96153	Health and behavior intervention, each 15 minutes, face-to-face; group (2 or more patients)
CPT	96154	Health and behavior intervention, each 15 minutes, face-to-face; family (with the patient present)
CPT	96156	Health behavior assessment, or re-assessment (ie, health-focused clinical interview, behavioral observations, clinical decision making)
CPT	96158	Health behavior intervention, individual, face-to-face; initial 30 minutes
CPT	96159	Health behavior intervention, individual, face-to-face; each additional 15 minutes (List separately in addition to code for primary service)
CPT	96160	Administration of patient-focused health risk assessment instrument (eg, health hazard appraisal) with scoring and documentation, per standardized instrument
CPT	96161	Administration of caregiver-focused health risk assessment instrument (eg, depression inventory) for the benefit of the patient, with scoring and documentation, per standardized instrument
CPT	96164	Health behavior intervention, group (2 or more patients), face-to-face; initial 30 minutes
CPT	96165	Health behavior intervention, group (2 or more patients), face-to-face; each additional 15 minutes (List separately in addition to code for primary service)
CPT	96167	Health behavior intervention, family (with the patient present), face-to-face; initial 30 minutes
CPT	96168	Health behavior intervention, family (with the patient present), face-to-face; each additional 15 minutes (List separately in addition to code for primary service)
CPT	97110	Therapeutic procedure, 1 or more areas, each 15 minutes; therapeutic exercises to develop strength and endurance, range of motion and flexibility
CPT	97112	Therapeutic procedure, 1 or more areas, each 15 minutes; neuromuscular reeducation of movement, balance, coordination, kinesthetic sense, posture, and/or proprioception for sitting and/or standing activities
CPT	97116	Therapeutic procedure, 1 or more areas, each 15 minutes; gait training (includes stair climbing)
CPT	97151	Behavior identification assessment, administered by a physician or other qualified health care

Claims Payment Policy

Code Type	Code	Description
		professional, each 15 minutes of the physician's or other qualified health care professional's time face-to-face with patient and/or guardian(s)/caregiver(s) administering assessments and discussing findings and recommendations, and non-face-to-face analyzing past data, scoring/interpreting the assessment, and preparing the report/treatment plan
CPT	97152	Behavior identification-supporting assessment, administered by one technician under the direction of a physician or other qualified health care professional, face-to-face with the patient, each 15 minutes
CPT	97153	Adaptive behavior treatment by protocol, administered by technician under the direction of a physician or other qualified health care professional, face-to-face with one patient, each 15 minutes
CPT	97154	Group adaptive behavior treatment by protocol, administered by technician under the direction of a physician or other qualified health care professional, face-to-face with two or more patients, each 15 minutes
CPT	97155	Adaptive behavior treatment with protocol modification, administered by physician or other qualified health care professional, which may include simultaneous direction of technician, face-to-face with one patient, each 15 minutes
CPT	97156	Family adaptive behavior treatment guidance, administered by physician or other qualified health care professional (with or without the patient present), face-to-face with guardian(s)/caregiver(s), each 15 minutes
CPT	97157	Multiple-family group adaptive behavior treatment guidance, administered by physician or other qualified health care professional (without the patient present), face-to-face with multiple sets of guardians/caregivers, each 15 minutes
CPT	97158	Group adaptive behavior treatment with protocol modification, administered by physician or other qualified health care professional, face-to-face with multiple patients, each 15 minutes
CPT	97161	Physical therapy evaluation: low complexity, requiring these components: A history with no personal factors and/or comorbidities that impact the plan of care; An examination of body system(s) using standardized tests and measures addressing 1-2 elements from any of the following: body structures and functions, activity limitations, and/or participation restrictions; A clinical presentation with stable and/or uncomplicated characteristics; and Clinical decision making of low complexity using standardized patient assessment instrument and/or measurable assessment of functional outcome. Typically, 20 minutes are spent face-to-face with the patient and/or family.
CPT	97162	Physical therapy evaluation: moderate complexity, requiring these components: A history of present problem with 1-2 personal factors and/or comorbidities that impact the plan of care; An examination of body systems using standardized tests and measures in addressing a total of 3 or more elements from any of the following: body structures and functions, activity limitations, and/or participation restrictions; An evolving clinical presentation with changing characteristics; and Clinical decision making of moderate complexity using standardized patient assessment instrument and/or measurable assessment of functional outcome. Typically, 30 minutes are spent face-to-face with the patient and/or family.
CPT	97163	Physical therapy evaluation: high complexity, requiring these components: A history of present problem with 3 or more personal factors and/or comorbidities that impact the plan of care; An examination of body systems using standardized tests and measures addressing a total of 4 or more elements from any of the following: body structures and functions, activity limitations, and/or participation restrictions; A clinical presentation with unstable and unpredictable characteristics; and Clinical decision making of high complexity using standardized patient assessment instrument and/or measurable assessment of functional outcome. Typically, 45 minutes are spent face-to-face with the patient and/or family.
CPT	97164	Re-evaluation of physical therapy established plan of care, requiring these components: An examination including a review of history and use of standardized tests and measures is required; and Revised plan of care using a standardized patient assessment instrument and/or measurable assessment of functional outcome Typically, 20 minutes are spent face-to-face with the patient and/or family.
CPT	97165	Occupational therapy evaluation, low complexity, requiring these components: An occupational profile and medical and therapy history, which includes a brief history including review of medical and/or therapy

Claims Payment Policy

Policy Number: CP2020002

Code Type	Code	Description
		records relating to the presenting problem; An assessment(s) that identifies 1-3 performance deficits (ie, relating to physical, cognitive, or psychosocial skills) that result in activity limitations and/or participation restrictions; and Clinical decision making of low complexity, which includes an analysis of the occupational profile, analysis of data from problem-focused assessment(s), and consideration of a limited number of treatment options. Patient presents with no comorbidities that affect occupational performance. Modification of tasks or assistance (eg, physical or verbal) with assessment(s) is not necessary to enable completion of evaluation component. Typically, 30 minutes are spent face-to-face with the patient and/or family.
CPT	97166	Occupational therapy evaluation, moderate complexity, requiring these components: An occupational profile and medical and therapy history, which includes an expanded review of medical and/or therapy records and additional review of physical, cognitive, or psychosocial history related to current functional performance; An assessment(s) that identifies 3-5 performance deficits (ie, relating to physical, cognitive, or psychosocial skills) that result in activity limitations and/or participation restrictions; and Clinical decision making of moderate analytic complexity, which includes an analysis of the occupational profile, analysis of data from detailed assessment(s), and consideration of several treatment options. Patient may present with comorbidities that affect occupational performance. Minimal to moderate modification of tasks or assistance (eg, physical or verbal) with assessment(s) is necessary to enable patient to complete evaluation component. Typically, 45 minutes are spent face-to-face with the patient and/or family.
CPT	97167	Occupational therapy evaluation, high complexity, requiring these components: An occupational profile and medical and therapy history, which includes review of medical and/or therapy records and extensive additional review of physical, cognitive, or psychosocial history related to current functional performance; An assessment(s) that identifies 5 or more performance deficits (ie, relating to physical, cognitive, or psychosocial skills) that result in activity limitations and/or participation restrictions; and Clinical decision making of high analytic complexity, which includes an analysis of the patient profile, analysis of data from comprehensive assessment(s), and consideration of multiple treatment options. Patient presents with comorbidities that affect occupational performance. Significant modification of tasks or assistance (eg, physical or verbal) with assessment(s) is necessary to enable patient to complete evaluation component. Typically, 60 minutes are spent face-to-face with the patient and/or family.
CPT	97168	Re-evaluation of occupational therapy established plan of care, requiring these components: An assessment of changes in patient functional or medical status with revised plan of care; An update to the initial occupational profile to reflect changes in condition or environment that affect future interventions and/or goals; and A revised plan of care. A formal reevaluation is performed when there is a documented change in functional status or a significant change to the plan of care is required. Typically, 30 minutes are spent face-to-face with the patient and/or family.
CPT	97535	Self-care/home management training (eg, activities of daily living (ADL) and compensatory training, meal preparation, safety procedures, and instructions in use of assistive technology devices/adaptive equipment) direct one-on-one contact, each 15 minutes
CPT	97750	Physical performance test or measurement (eg, musculoskeletal, functional capacity), with written report, each 15 minutes
CPT	97755	Assistive technology assessment (eg, to restore, augment or compensate for existing function, optimize functional tasks and/or maximize environmental accessibility), direct one-on-one contact, with written report, each 15 minutes
CPT	97760	Orthotic(s) management and training (including assessment and fitting when not otherwise reported), upper extremity(s), lower extremity(s) and/or trunk, each 15 minutes
CPT	97761	Prosthetic training, upper and/or lower extremity(s), each 15 minutes
CPT	97802	Medical nutrition therapy; initial assessment and intervention, individual, face-to-face with the patient, each 15 minutes
CPT	97803	Medical nutrition therapy; re-assessment and intervention, individual, face-to-face with the patient, each 15 minutes
